Metal Specks™

MS100, 200, 300, 400, 500

Product Description

Dupli-Color® Metal Specks™ combines 'old school' color with 'new school' technology to create the next evolution in metal flake paints of the past. Create a unique and custom brilliant metallic finish with this coating that features tiny floating metallic flake suspended in vibrant paint.

Product Characteristics

Colors: Burnt Copper, Sparkle Silver, Retro Red, Ocean Blue, & Shimmering Green.

Finish: Metallic

Properties

Product Weight: 6.41 lb/gal
Flash Point: Propellant < 0° F

Preferred Application

Dupli-Color Metal Specks provides optimum performance when this application method is followed.

Prep	PW100	Prep Wipe
Coat	MSxxx	Metal Specks

Refer to the application box for more specific instructions!

Uses

Auto Accessories & Recreational Equipment.

Surfaces:

Plastic, Fiberglass, Aluminum, & Metal.

Application

Prepare the surface by removing dirt, rust, grease, wax etc. For best results, use a Dupli-Color Prep Wipe (PW100) to clean surface.

Mask-off surrounding areas to protect from overspray. Lightly scuff sand surface with 320-grit sandpaper or equivalent. Use at temperatures between 68°- 92° F, and when humidity is less than 50%.

Shake can vigorously for one full minute after mixing ball moves freely. After each minute of use, shake the can for an additional 10 seconds. To spray, hold the can 8-10 inches from the surface to be painted. Spray with rapid movements back and forth, applying light even coats. Applying heavy coats will produce runs and sags. Covers approximately 12-14 square feet.

Packaging

Fill Weight: 11 oz
Per Case: 6 cans
Case Weight: 5.82 lbs
Cases/Pallet: 156
Units/Pallet: 936 cans
