Coat	TSPxxx	Trunk Paint

Utilize Filler Primer if you determine it is needed!
Refer to application box for more specific instructions!

Uses

Trunk Interiors, Storage Chests, & Metal Lockers.

Surfaces:

Metal & Plastic like Materials

Application

CAUTION: For maximum product performance read entire label and directions prior to paint application.

1. Prepare surface by removing all loose paint, dirt, rust, grease, wax, etc. For best results use a quality grease and wax remover to clean the surface. Lightly scuff the surface by using a scuff pad or equivalent. Wipe down the surface again with a grease and wax remover, then let dry.

2. Mask-off surrounding areas to protect from overspray. Use at temperatures between 60°F (16°C) and 95°F (35°C) and when humidity is less than 60-70%.

3. Shake can vigorously for one full minute after mixing ball moves freely and 10 seconds after each minute of use.

4. To spray, hold can parallel and 12-15 inches from the surface to be painted and use in an even, sweeping motion. Apply several light coats with 5 minutes in between each coat until surface is evenly coated. Dries to the touch in 30 minutes, and can be handled in 1 hour. Can be recoated at any time. For best results on trunk interiors, clean and degrease areas thoroughly before application. Spray surface with long even strokes. Repeat process until smooth, even color has been obtained.

Packaging

Fill Weight: 11 oz
Per Case: 6 cans
Case Weight: 5.76 lbs
Cases/Pallet: 156
Units/Pallet: 936 cans
